Local Firm's Harbor Bridge Bid To Stand

A Torrance firm, United Concrete Pipe Co., is low bidder on the \$5,299,000 bridge job which is a part of the freeway proposed from Long Beach to Terminal Island which has been reinstated as a Navy project, it was revealed yesterday.

The firm's bid for the high speed bridge will stand under the reconstruction, it was said.

The original plan was abandoned last month by the Navy. Comdr. S. F. Heim, commander of the naval base at Terminal Island, said the navy would spend the \$10,000,000 it previously allocated for the project and it was assumed the public roads administration would reinstate its \$4,000,000 allocation.

The bridge will connect Terminal Island with Anaheim blvd., supplanting the temporary bridge now in use, and the freeway will extend from Anaheim blvd. to Willow st. in Long Beach.

A Thankful Christmas

We have so much to be thankful and merry for this Christmas . . . as Peace returns again to this troubled world . . . that as we celebrate again the birth of Christ . . . let's pray that never again will it be necessary for our boys to go out to the wars!
